

**ClickSafety – Online Safety Classes through Arizona MCA**  
**The Leader in Online Safety Training**

**To: Arizona MCA Contractor Members**

Arizona MCA (AMCA) has partnered to deliver Clicksafety training to AMCA members. Through longstanding, industry-leading safety training, ClickSafety provides the flexibility and required knowledge to help you achieve worker safety and regulatory compliance. ClickSafety is an OSHA-authorized online training provider featuring a library of over 300 construction, environmental and general industry training course so you can easily build a tailored safety program. Visit [www.clicksafety.com](http://www.clicksafety.com) for a complete list of classes.

**Please review the guidelines below & remit accordingly**

You will then receive an email confirming that your user-profile has been created. The confirmation email specifies a class deadline date. AMCA will bill its members for its cost of the class if the coursework is not completed within 6 months of the date the training was assigned. In addition to AMCA’s policy, OSHA regulations require that OSHA 10-Hour & 30-Hour courses be completed within 6 months of the course start-date.

**DATE/TIME:** Anytime - Available 24/7 via your computer (internet access required)

**COST:** Free
